

Kiosk & Fixture Expertise In-Market

INTERACTIVE KIOSKS, PRINTERS, SELF-HELP & SMART FIXTURES

Retail fixtures are an extension of your cash wrap! SG Network Services specializes in the installation, outfitting, and repair of interactive kiosks, like those in airports and self-checkout lanes. Our nationwide teams ensure precise installations, rapid repairs, and seamless upgrades, keeping your electronic fixtures running smoothly and enhancing customer experiences.

We work with top-tier OEM's like NCR, Diebold, REDYREF, Olea, ELO, Samsung and many more. We're built for PCI-DSS, thermal printers, card readers, barcode scanners and nearly every POS standard utilized in the US. Whether it be retail, airports, grocery, QSR, warehousing, self-checkout solutions or monitors and all-in-ones. Our lives are behind TSA lines and in retailers across the lower 48! Your wired and wireless kiosk needs SG.
